WAR AND PEACE

To our Friends and Customers in the Trade:

It was exactly twenty-seven years ago today that I sailed from New York on the White Star Liner "Baltic" for overseas duty in World War 1. That was a great adventure, terminating in the allied nations' victory. Increasing and prosperous business was enjoyed for more than a decade after the war.

Today we are nearing the end of World War 2. Many of our sons and close relatives are in the armed forces. My own son, William Flemer, 3rd, is with the U. S. Engineers in France, having landed there a few days after the invasion started. His letters tell of terrific destruction in some places, whereas other places are untouched.

As this is being written, the War in Europe is progressing very rapidly. No one can set the date for the cessation of hostilities. After this, of course, there will be the Japanese situation to clean up. However, the worst of the struggle should be over.

When peace comes the nation can look forward to a period of great prosperity. We, here in Princeton, have kept our production up and are ready to serve you with material for your increasing trade. Our quality is good and prices are reasonable. You can depend on our material and save yourself a lot of trouble by buying what you need here in Princeton.

President.

Conditions of Sale

PRICES, ETC.

The prices named in this list cancel all previous lists. They are based on current market conditions and are subject to change without notice.

Terms:

PRICES: F.O.B. NURSERY AT KINGSTON, N. J.

To those with an established record for prompt payment or with satisfactory references, we are glad to extend our regular terms of thirty days from date of invoice.

2% DISCOUNT will be allowed for payment in ten days from date of invoice.

5% DISCOUNT will be allowed for **CASH IN FULL** with the order, providing digging or delivery is scheduled for not less than 30 days from date of order.

Orders for **shipment C.O.D.** must be accompanied by a remittance for one-third of the amount to insure acceptance. These are our only terms and no salesman or representative is authorized to alter them in any way unless confirmed from the office in writing.

25% ADDITIONAL CHARGE For SPECIAL SELECTION and TAGGING in the Nursery

Reduction in personnel makes it imperative to make a charge of 25 per cent additional on our regular listed price for the special selection and marking in the nursery of extra heavy or specimen plants. We invite inspection of our material and on quantity orders will, if requested, mark an average sample to assist our diggers in the selection of the grade wanted.

CLAIMS

All sales are made with the understanding that we shall not be liable in event of crop loss, or of damage from other causes over which we have no control.

We will gladly correct any errors, but we cannot entertain any claims that are not made within ten days after receipt of the stock or are made after the stock has once been accepted. Claims should be made promptly in writing on receipt of stock.

Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage, or delay in transit.

All orders booked are based on the distinct understanding that the purchaser agrees to the condition of sales as stated above.

SCHEDULE OF B&B CHARGES

The following charges are made to cover additional cost of baling and burlapping deciduous trees and shrubs that are not listed B&B. The size of ball for most stock is in accordance with the A.A.N. "Horticultural Standards" recommendations.

These charges are based on a *carefully dug*, solid ball of earth, *laced* with rope or wire, and handled according to the best nursery practice.

DELIVERY SERVICE

Due to war restrictions and uncertainties, it is impossible at this time for us to set up a definite schedule of truck delivery charges or to guarantee deliveries. We, therefore, will be glad to estimate delivery cost and to arrange for trucking of your orders contingent on our ability at the time to use our own equipment or hire trucking.

"CARLOADS" AND FREIGHT SHIPMENT

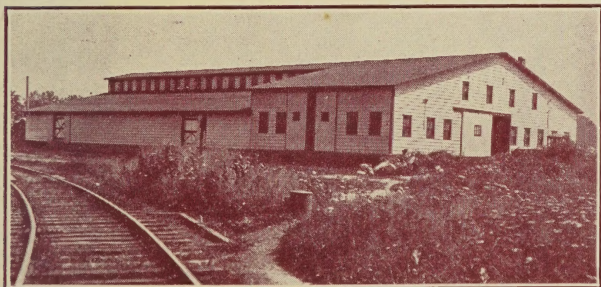

Whenever it is practical we recommend rail shipment by freight or express.

With our own railroad siding connecting with the main line of the Pennsylvania Railroad and a daily pickup service on L.C.L. and express shipments, we are in a position to expedite shipment to you without delay. Consult your local agent for rates to Monmouth Junction, N. J.

GUARANTEE OF GENUINENESS:

We will send out healthy, thrifty stock, true to name. If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace free of charge such stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said stock.

WAR PROVISIONS—Due to the war, all agreements and contracts are subject to priorities, covering material, transportation, and labor, and any other restrictions that may hinder or prevent us from performing on such agreements.

Packing Shed and Railroad Siding provide direct facilities for freight shipment.

Notes in Explanation of Catalogue

The figures following each variety indicate in feet the approximate height of that plant at maturity. Ample allowance has been made for the many physical factors that tend to modify the growth of plants in cultivation.

The botanical and common names are largely taken from "Standardized Plant Names," the accepted authority on plant nomenclature in the horticultural industry.

Our standard of grading all plants is based on a schedule which has been adopted by the American Association of Nurserymen.

JUNIPERUS PFITZERIANA

This shows a block of young Pfitzers Juniper. We have a beautiful stock of this variety offered at very attractive prices. See page 27.

NOTES

JUNIPERUS COMMUNIS

In addition to the varieties of Junipers carried by most nurseries we have a good stock of the Common New England Pasture Junipers. These are being used extensively for highway roadside plantings. See page 28.

NOTES

DEUTZIA GRACILIS

This is one of the neatest dwarf shrubs. Very popular for edging borders. We have beautiful stock along with many other similar types; such as Spirea Anthony Waterer. Prices are very reasonable. See page 19 & 54.

NOTES

SHRUBS — 2 YEAR OLD

A general view in the shrub block showing Deutzia, Spirea, etc., two years after planting. At the end of the first year stock was cut back carefully to within a few inches of the ground which resulted in bushy, sturdy tops.

NOTES

FRUITS IN THE VICTORY GARDENS

will make an important contribution to the war effort. The heavy demand for fresh and processed fruits by our government and armed forces makes it extremely important to encourage in every way possible orchard and home plantings so that our family needs will be adequate for proper health. We would anticipate a heavy demand on our regular production for several years after the war and therefore not only encourage the quickly maturing small fruits but also the various tree fruits which may take from 2 to 4 years to come into bearing.

How to Reach Princeton by Auto or Train

We are located midway between New York and Philadelphia. Both the Lincoln Highway and the new Super-Highway (Route 26) pass our nurseries.

The office of Princeton Nurseries is located on Lake Road in the township of Kingston, New Jersey.

The nearest railroad stations are at Princeton and Princeton Junction, on the main line of the Pennsylvania Railroad. Phone Princeton 1776 or 1777 and we will be glad to come and meet you at either place.

The New York-Washington planes pass over our nursery hourly. When travelling by airplane, watch out for the interesting block arrangement from the air.

We would call your attention to the fact that we have one of the largest nurseries in the country with over 1000 acres of nursery stock. We are growing between 1100-1200 varieties of hardy woody ornamentals.

A cordial invitation is hereby given to visit our nursery at any time.
